

Total Connect puts home security at your fingertips.

Systems start at only \$19.95 a month.

Protect your family and home. The office, store or warehouse. A vacation property. Monitor an ailing or elderly relative.

Security systems are not just alarm systems anymore. So "Get Lynn On The Line" to learn all about Total Connect. The comprehensive security system you can operate from a desktop computer, laptop, iPhone, Blackberry or other PDA.

Benefits:

- Web-based control
- Online remote video viewing
- Text and e-mail notifications
- User-friendly remote access
- Event images sent via e-mail
- Enhances basic system monitoring
- Affordable

Arm and Disarm your system via remote control. See and hear real-time activity at the site of your choice. Receive instant alerts and response for theft and fire. Appliance malfunctions and flooding. Medical alerts. Rifle, liquor and latch notification for children. Even carbon monoxide poisoning.

Comprehensive systems start at only \$19.95 a month. Just think, the time and money you'd spend making one trip to one location can easily pay for an entire month of 24-hour protection. Plus the system is UL-Listed and comes with the peace of mind of battery back-up.

No Contract Fees. No Takeover Fees. No home phone line necessary. No more worrying about the people, places and things that are important to you.

Home security at your fingertips.
